

Advanced Diploma of Nursing (Mental health pathway) HLT64115

This qualification reflects the role of enrolled nurses with advanced skills who work in a specialised area of nursing practice.

At this level, enrolled nurses integrate and adapt specialised, technical and theoretical knowledge to address a diverse range of clinical situations and challenges in their area of specialisation.

They contribute to the continuous improvement of clinical practice using research and participation in broader organisational quality processes. Enrolled nurses retain responsibility for their own actions while remaining accountable to the Registered Nurse/Midwife for all delegated functions.

COURSE REQUIREMENTS:

Entry to this qualification is open to individuals who are currently working in Australia as an enrolled nurse and hold current registration as an enrolled nurse without notation with the Nursing and Midwifery Board of Australia
