HLTAID009

Whether in the workplace, at home with the family, or going about your daily activities, the risk of witnessing an accident is ever apparent. This training will provide the skills and knowledge needed to deal with emergency action principles and to recognise common injuries. This training also aims to maximise participation and develop confidence in students to apply their knowledge.

### ENTRANCE REQUIREMENTS

There are no entry requirements but the Training and assessments are conducted in English. Applicants must possess sound written and spoken English skills.

### HLTAID011 PROVIDE FIRST AID

The Provide first aid course covers a broad range of topics to enable participants to confidently manage emergency situations, providing care for the ill or injured until medical aid arrives. It is suitable to both people in workplaces and members of the public who want training in first aid.

Most workplaces require a specific number of people to successfully complete this qualification. The Provide First Aid qualification remains current for three years, during which time a Provide First Aid refresher course must be completed.

### HLTAID009 PROVIDE CARDIOPULMONDARY RESUSCITATION

This course provides the skills to recognise and then manage a casualty who is unconscious and is not breathing. CPR is a lifesaving technique which can sustain life until an ambulance arrives. ETEA recommends, in line with Australian Resuscitation Council guidelines, that a CPR refresher program is undertaken every 12 months.

**HLTAID010:** This unit describes the skills and knowledge required to recognise and respond to life-threatening emergencies in line with first aid guidelines determined by the Australian Resuscitation Council (ARC) and other Australian national peak clinical bodies.

### TRAINING DELIVERY

The training of these courses is blended learning, there is pre-learning required before the class commences and the students are provided with the text book and some questions they need to complete before they attend the class.

### DURATION:

The face to face session is for 1 day.
